Reference: E-TABLE_2000_ECO

Name: E-TABLE_ECO - Individual desks with electric height adjustment

Desks with an electric height-adjustment system, allowing users to change the position of the desk to work sitting or standing. It is the perfect solution for good postural health. Alternating between both positions during the working day is not only beneficial for health, but also boosts productivity and creativity.

Motorised system in accordance with EN 61000-3-3:2013, to meet work needs. 25 mm thick melamine desktop with 1 mm PVC edging. Desktop finishes available in beech, grey, white, oak and anthracite. Steel tube and sheet frame with RAL 9003 epoxy finish, with a two-stage column adjustable in height (minimum 715 mm – maximum 1160 mm) by means of an electric adjustment device, to reach the desired working height quickly and easily. Includes levelling feet with height adjustment of up to 2 cm.

Main materials
Steel tube and sheet steel frame construction.
25 mm thick melamine desktop.
1 mm thick PVC edge banding.
Electrical components compliant with EN 61000-3-3:2013.

Main features
Electric height adjustment system.
2-stage inverted column lifting system.
Electric controller with 4 memory positions.
Single-motor height adjustment system.
Height adjustment range from 71 cm to 116 cm.
1.5 m power cable.
Includes an integrated hook for hanging bags or other items.
Levelling feet included.
Maximum load capacity: 80 kg.
Please contact us for other available frame finishes.
