

Reference: MGN-D

Name: MAGNUM D mobile module with folding table

The Magnum D module is designed to encourage collaboration. It includes a folding table that unfolds easily, creating an improvised workspace for quick meetings or creative sessions. Its mobile and versatile structure makes it the ideal ally for flexible offices, coworking spaces and environments where adaptability is key.

Main materials

Support feet made of 3 mm thick sheet steel.
Cross braces made of 1 mm thick sheet steel.
Inner panels made of 19 mm thick melamine.
Tabletop made of 19 mm thick melamine.
Table frame made of 25 mm diameter steel tube.
Castors made of engineering plastic.

Main features

Robust construction with high mobility.
Frame with a lower shelf level for organising and transporting items.
Table for meetings or as a catering surface.
Folding table for easy transport between rooms.
Heavy-duty castors (diameter 75 mm) with brake.
