

**Reference:** RD-8100V22

**Name:** Modular double-sided upholstered mobile partitions

Video

Double-sided mobile partitions with metal structure and soft surface for pins and notes. Thanks to its resistant grey surface, it absorbs sound. Allows multiple configurations thanks to its connecting pieces (ref. RD-8115V22) and the 20-sheet 70 g paper pad with fixing system. Standard castors with brake. Useful surface size: 116 x 140 cm. Easy assembly.

#### **Main materials**

Frame made in steel sheet of 1mm thick

Legs made in steel tube of 20x20x1mm

Work surface made of polyethylene covered with polyester fabric  
100% Polyester fabric (flame retardant)

Work surface made of polyethylene + polyester fabric joined by thermofusion.

Wheels with brake made with technical polymer

#### **Main features**

High mobility due to the wheels and its reduced weight

It allows information to be fixed by using a thumbtack

Metal frame that allows the use of magnets

Joinable parts that allows multiple configurations for any work space

It allows paperblocks to be fixed thanks to the accessory RD-8120  
RD-8115 accessory: allows combinations of 90° and 180°
