

Reference: SKIN_AGILE

Name: Skin AGILE

Skin AGILE is a modular whiteboard and a multifunctional panel that, thanks to its modern frameless design and magnetic attachments, allows it to be placed vertical and horizontally making infinite compositions possible in combination with other SKINWHITEBOARD whiteboards, expanding according to your needs, from a single unit to a whole wall. Fully compatible with dry erase markers.

Designed to be a control and organizational table, to enhance efficiency within team and to allow different working methodologies to be applied when executing projects that require speed and flexibility. Ideal for easily and conveniently reporting, visualizing and identifying exactly what phase each pending task is in.
