

Reference: SKIN_PLANNER

Name: Skin PLANNER

Skin PLANNER is a modular whiteboard and a multifunctional panel that, thanks to its modern, frameless design and magnetic attachments, allows for the creation of a writing surface as large as required, simply by joining modules together and placing them vertical or horizontally, infinite compositions and expansion are a breeze, from a single unit to covering an entire wall. In addition, its finishes and accessories increase its functionality with multiple uses.

Skin PLANNER is especially designed for planning meetings, presentations, visits, etc. Annual layout comes as standard, though there is another, completely customizable version, providing templates in 4 languages, with multiple options: Numbers, days of the week, process states, etc. Whiteboard fully compatible with dry erase markers.

Main materials
