

Reference: RD-618

Name: TRANSFORMER - Convertible mobile flipchart

Magnetic metal movable flipchart designed and intended for conferences and other presentations. The metal movable base allows for easy mobility. Its spring-operated height adjustment system furnishes great ease-of-use and ergonomics, adapting to writing from a standing or sitting position. Its unique, patented rotation system allows the surface to be laid horizontally, turning the board into a table. It comes with two telescopic arms, can hold a universal paper pad, has a bezel on top to hide the pad retention knobs, and the surface is suitable for dry erase markers. Easy assembly.

Main materials

Writing surface 680x1040mm in steel sheet of 0,8mm thickness
Path holder in steel sheet of 1mm thickness
Pen tray in steel sheet of 1mm thickness
Structure tube $\varnothing$ 50mm of 1mm thickness
Inner structure in melamine of 19mm thickness
Metallic and tubular base, with 5 wheels (locking system)
Telescopic tube 45mm of 1mm thickness.

Main features

It can be transformed into a table.
